

M'GREGOR HAS TWENTY VOTES

United States Senatorship Contest Is Developing Into Survival Of Aspirants.

ESCH LOSES ALL HOPE OF ELECTION

Cigarette Law Comes Up In The Assembly And Is Passed To The Senate To Decide Upon The Questions.

[SPECIAL TO THE GAZETTE.]
Madison, Wis., May 10.—Duncan McGregor, of Platteville, took third place in the race for United States senator in the joint-legislative ballot this noon, getting 20 votes.
While his strength appears to be formidable, he is not looked upon as having a possibility of election, as most of his present supporters are known to be "anchors to the windward"—pledged to other candidates, to be taken into camp when most needed.
Isaac Stephenson leads, with 22 votes; William H. Harten, second, with 23; and Congressman Esch has dropped to fourth place with 19 votes.

TWO CLINTON WOMEN HURT IN A RUNAWAY

Charged With The Theft Of Wearing Apparel Valued at \$50—Gives Her Name as Mrs. May Baker.

[SPECIAL TO THE GAZETTE.]
Clinton, Wis., May 9.—Today about noon occurred one of the most serious runaways Clinton has had in many years. Mrs. Saml. Anderson was driving to town from her farm with a team hitched to a spring wagon. She was accompanied by Mrs. Jessie Terwilliger who, with her husband and three small children live in the tenement house on Mrs. Anderson's farm. When they were driving at a good pace down south Church street near Mr. H. Olmstead's, the horses for some unaccountable reason broke into a run, and at once were unmanageable. They ran at terrific speed south to Front street thence east to Main street, turned north going through the business part of Main street and continued on up Main until in front of the residence of J. L. Hagerman, when both women were thrown out; the team dashing on left the two ladies lying unconscious in the middle of the street. Many willing hands tenderly bore them across the street to the residence of Dr. Mieske, where they were taken care of. Mrs. Terwilliger suffered a terrible scalp wound and her right arm was badly lacerated, 25 stitches being necessary and it is thought she is badly injured internally. Mr. Anderson was more fortunate but her back is badly injured and left arm painfully bruised. The sympathy of the entire community goes out to the two unfortunate ladies. It is the second time the same team has run away with Mrs. Anderson.

Miss Mildred Murry who won first place in the Walworth Co. league declamatory contest held here last Friday night, has been barred from competing at the district contest to be held Friday next at Whitewater. The reason given is that Miss Murry received help and instructions from a professional declamator which is against one of the rules. The facts are that, not alone Miss Murry but all of the contestants at the preliminary contest were drilled by Mrs. Witte, and then the two standing best were still further drilled by Mrs. Witte for the contest last Friday night. But where the difference is and where Clinton claims injustice is the fact that Mrs. Witte was not hired by Miss Murry alone to train her but was hired and paid by the school, hence was a school employe as teacher-for that position. Clinton is highly indignant as there is no doubt Miss Murry would have won first place.

Kelly vs. Sullivan Tonight.

Los Angeles, Cal., May 10.—Hugo Kelly, the Chicago middleweight, and Jack (Twin) Sullivan, who are to meet in the main bout tonight at the Pacific Athletic club, have finished their work of preparation and appear to be in good shape for the contest. The bout is announced as being for the middleweight championship, and the articles call for twenty rounds at 135 pounds. As the date for the mill approached public interest has increased to a considerable degree and the club expects a large crowd at the ringside.

ALLEGED AUTHOR OF FAKE ORDERS

Under-Sheriff Appleby Is Looking For Robert Pfeiffer Near Lake Geneva Today.

Under-Sheriff George Appleby went to Lake Geneva today, armed with a warrant for the arrest of Robert Pfeiffer, erstwhile agent of the M. B. Downing-Nursery Co. of Milton, who is charged with making bogus sales and collecting therefor a 20 per cent commission. The specific charge relates to a transaction wherein Pfeiffer is alleged to have reported a sale of stock worth \$5.50 to B. J. Simpson of Lake Geneva. When the stock was delivered Mr. Simpson declared he had never seen or known anything about the order dated Oct. 9.

SUPPOSED DEMENTED MAN HAS TREMORS

William Grosgrrove Is, His Name And Has Been Employed as a Cigar-maker at Edgerton.

The supposed demented man who was bivouacking in a shed on the Phil Carle farm two miles west of the city, was brought here by Under-Sheriff George Appleby and Officer John Brown last evening. He is a cigar-maker named William Grosgrrove, from Edgerton and has a bad attack of the delirium tremens, his hallucination being that he is pursued by implacable foes. When taken into custody it was found that he had been in winter up to his neck and had been having other rough experiences in escaping from his enemies. He is being treated at the lock-up.

WILLIAM L. CANIFF WEDDED IN DENVER

REUNITED THROUGH MATRIMONIAL SHEET

Joke of Bride's Daughter Responsible For Culmination of Remarkable Romance.

[SPECIAL TO THE GAZETTE.]
Kaukauna, Wis., May 10.—The wedding of August Bucholz of Fairmont, Minn., and Mrs. Stella Elworth of this city, ended a most remarkable romance. Rev. Julius Rhoads of this city officiated. Each of the contracting parties had been married before, and each has lost the "other half" by death, surviving with six children apiece. A few days before Christmas of last year, Mrs. Elworth received a copy of a matrimonial paper with forms for applicants. Her 18 year old daughter as a joke filled out the form sent the fee and complied with other regulations in the name of her mother who knew nothing about all this. Soon Mrs. Elworth got a letter from Bucholz, photographs were exchanged; for though honey-handed son of toil, Bucholz is a fluent writer, and persuasive.

The result was the marriage. Sophia, the daughter who is at the bottom of it all, will live with her new stepfather.

TEST MAIL ROUTES ACROSS ATLANTIC

Canadian Government Attempting to Show North Sydney Line Faster Than New York Way.

[SPECIAL TO THE GAZETTE.]
Montreal, Ont., May 10.—In an effort to prove that the Canadian route is faster than New York for transatlantic mails the Canadian Government will make use of the North Sydney route during the early summer when the mails bound from Liverpool to Montreal take the Cape Race route. This summer the liners will transfer mails off North Sydney, which is the nearest point to Europe to go over the intercontinental. Steamers will carry them to North Sydney, whence they will be rushed by special train to Montreal. The steamer Montcalm will be used as the mail tender at North Sydney for the delivery of mails to the outgoing and for receiving mails from the incoming steamers. As she and all of the mail steamers are fitted with the wireless equipment there will be no difficulty in their getting in touch with each other, no matter what the weather conditions may be. The first steamer to try the new arrangement is the Virginian, which leaves Montreal today, and will receive her mails from the Montcalm Sunday in Capot Strait between Cape Breton and Newfoundland. It is expected that there will be a gain of several hours for Montreal in mail delivery by using North Sydney as mail port, and from one to two days for maritime province towns.

Commercial Travelers at Topeka.

Topeka, Kas., May 10.—Commercial travelers, "Knights of the grip," flocked into Topeka in large number today for the annual meeting of the United Commercial Travelers of Kansas and Oklahoma. The roll call at the opening session showed delegates on hand from Oklahoma City, Wichita, Clay Center, Guthrie, El Reno, Fort Scott, Emporia, Parsons, Hutchinson and a number of other points. Reports were presented today showing the affairs of the Grand Council to be in a highly satisfactory condition. The convention will close tomorrow with the election of officers.

PLANTING TREES IN DRYEST OF STATES

Arbor Day in Maine—Future Prosperity of Commonwealth Depends on Trees.

[SPECIAL TO THE GAZETTE.]
Augusta, Maine, May 10.—Arbor Day was observed in Maine today by the schools and by various societies. In his proclamation setting aside the day Governor Cobb emphasized the necessity for paying more attention to the forests in future than has been done in the past. In his proclamation he said, in part: "The future of Maine's material prosperity and development will depend on the care and treatment bestowed upon her greatest natural heritage, the forests. A public sentiment in favor of their reasonable preservation and increase will secure to succeeding generations the same charms of scenery and the same economic advantages now enjoyed by our own, and this sentiment should be fostered and cherished by all."

GOTHAM GETS 21ST CARNEGIE LIBRARY

Three More Similar Branches Will Soon Be Opened to Public of Metropolis.

[SPECIAL TO THE GAZETTE.]
New York, May 10.—The twenty-first branch building of the New York Public Library to be erected from the Carnegie fund, was dedicated this afternoon. The building is located in East Fifty-eight street and will house about 30,000 volumes. When present plans have been carried out no section of the metropolis will be without its Carnegie library. Three more branches are about ready to open, two in Staten Island and one in Harlem.

HAYWOOD CASE WILL DRAG THROUGH THE NEXT WEEK

Chicago Journal Prints Exclusive News Story That Moyer Was Arrested In Chicago For Burglary.

[BY ASSOCIATED PRESS.]
Boise, Idaho, May 10.—The counsel on both sides are confident today in the case of William D. Haywood, on trial for complicity in the murder of former Governor Steunenberg, will be secured by Thursday or Friday of next week at the latest. They believe the taking of testimony may be begun before the week ends. The court adjourned yesterday until Monday afternoon to permit the sheriff to summon a special venire of one hundred men.
The Chicago Story.
Chicago, May 10.—The Journal today prints an exclusive story alleging the arrest of Charles H. Moyer, president of the Western Federation of Miners, in Chicago in 1885 for burglary and according to the story in the Journal he was subsequently sentenced to the Joliet penitentiary, where he served from February 1886, to January, 1887. At the office of the Joliet penitentiary this afternoon it was declared that during the dates mentioned by the Journal a man bearing the name of Charles H. Moyer was an inmate of the prison. The records of the Chicago police department show that a man giving his name as C. S. Moyer, alias Fred Baker, and his partner, John Keating, were arrested Dec. 4, 1885, on the charge of burglarizing seven different houses and according to the Journal Moyer was sentenced to Joliet to serve a year.
His Record.
Boise, Idaho, May 10.—According to information obtainable here, Moyer's record shows he was working in Rockford, South Dakota, during 1886. Moyer says he never was in the Joliet penitentiary. His lawyers say the story to the contrary is absolutely without foundation.

ROYAL HEIR BORN IN THE ANCIENT SPANISH PALACE

Wishes Of All Spain Gratified By The Advent Of A Young Prince This Morning.

[BY ASSOCIATED PRESS.]
Madrid, May 10.—Queen Victoria of Spain gave birth to a boy today. This little boy, according to a decree of the Spanish government, will bear the title of Prince of Asturias.
In no monarchical country in the world is a ceremonial observed at the birth of an offspring of the King and Queen so rigidly, stately and formal as in Spain.
The birth occurred at 12:45 p. m.

AMERICAN COTTON MEN'S CONVENTION-EXHIBITION

Not Only New England And The South But Even Europe, Will Be Represented.

[SPECIAL TO THE GAZETTE.]
Philadelphia, Pa., May 10.—Philadelphia is preparing to entertain a notable gathering next week on the occasion of the eleventh annual convention and exhibition of the American Cotton Manufacturers' Association. The convention will be attended by cotton manufacturers from New England and the south and from several parts of Europe as well. In addition to the cotton manufacturers there will be present many men interested in the woolen and knit goods industries.
While the convention, which is to be held in the Bellevue-Stratford hotel, will be formally opened next Monday week, the exhibition, which will be held in the First Regiment Armory, will be formally opened next Monday and will continue until the following Monday. Cotton from the field of the compressed bale, through the picking process, the little gin, the plantation press to the giant press, will be exhibited. Among the new bits of machinery which have been invented for the use in either of the three industries, and all sorts of wearing apparel. The exhibits, many of which come from abroad, are now being installed in the armory, where thirteen thousand square feet of floor space is available for the exhibition.
The local committee is in receipt of advices which show beyond doubt that the convention will be the largest gathering of its kind ever held. Many prominent public men will be in attendance. The speakers at the convention banquet will include former Secretary of the Treasury Leslie M. Shaw, President W. W. Finley of the Southern Railway, E. W. Robertson of Columbia, S. C., Governor B. B. Comer of Alabama, Congressman A. S. Burleson of Texas, Governor R. B. Glenn of North Carolina, and Governor Edwin S. Stuart of Pennsylvania.
The papers, addresses and discussions will deal not only with a wide range of questions of a technical nature, but great legislative problems, among them tariff and immigration. E. J. Watson, commissioner of immigration of South Carolina, will speak on the subject of "Immigration." Papers on technical questions will be presented by R. G. Hitt of Atlanta, George O. Draper of Massachusetts, Dr. E. W. France of the Philadelphia Textile school, W. H. Carrier of Buffalo, and James T. Fuller of Charlotte, N. C.
The officers of the American Cotton Manufacturers' Association are: President, Arthur H. Lowe, Fitchburg, Mass.; vice president, S. C. Tanner, Henrietta, N. C.; secretary and treasurer, C. B. Bryant, Charlotte, N. C.; board of governors, R. S. Reinhardt, Lincoln, N. C.; Charles H. Fish, Dover, N. H.; L. W. Parker, Greenville, S. C.; David Clark, Charlotte, N. AUTO MISHAP WAS NO FAULT OF SEWER MEN

Warning Lights and Proper Barriers Were in Place—Driver Tried to Run the Tracks.

M. Ehrlicher of Hanover and his sister, Mrs. E. G. Brown, who arrived here from Beloit in an automobile last evening, tried to run the blockade on South Main street below the Racine street intersection last night via the section of unmolested highway lying between the street car rails. As the driver started to turn off from the railway bed one of the wheels went over the edge of the sewer trench and the body of the car gave a lurch which threw the occupants out. Both narrowly escaped serious injuries. Street car men and wayfarers who happened to be in the vicinity assisted in righting the car. Officer Mason, who was sent to the scene, is on duty as watchman there today.

A full-fledged snow-storm on Arbor Day, the tenth of May, was too much for the city hall clock. It stopped running at 9:18 this morning.

Two Days of Royal Entertainment—Magnificent Floral Parade—Spanish Barbecue.

[SPECIAL TO THE GAZETTE.]
Los Angeles, Cal., May 10.—The most successful meeting ever held by the Imperial Council of the order of the Mystic Shrine has come to an end so far as business is concerned, but it will be several days before the thousands of visitors quit the land of sunshine and turn their faces homeward. The magnificent entertainment provided by Los Angeles for the visitors reached its climax today in the great floral parade, with its miles of automobiles, trolleybuses, carriages and other vehicles gorgeously decorated with countless thousands of roses, carnations and other varieties of buds and blossoms. Tonight Al Malakah temple of this city gives a grand ball and banquet in honor of the imperial council and tomorrow the visitors will go to San Gabriel to enjoy a typical Spanish barbecue and bullfight break-fast.

WILLIAM B. MERRILL DIED BEFORE DAWN

End Came at Home of Son, Ross Merrill—Deceased Had Farm Near Evansville For Many Years.

William B. Merrill, an old resident of Rock county, passed away at 3:15 o'clock this morning at the home of his son, Ross Merrill, 123 North Academy street. He had been in good health till last Sunday and when he began failing. Yesterday his mind became irrational, but the end came unexpectedly. Had Mr. Merrill lived till the 30th of August he would have been ninety years old and plans for a celebration of the event were already being formulated. The deceased was a native of Maine and resided there until 1871, when with his wife and children he came westward and took up a farm near Evansville. He lived there until three and a half years ago, when Mrs. Merrill died. Since then he had lived with his son here. Ross Merrill and another son, William B. Merrill of Mears, Mich., and a grandson, Lloyd Merrill and a granddaughter, Lucile, living at Rockford are the surviving relatives. Mr. Merrill was a highly respected citizen, a Christian and a man with hosts of friends. Funeral services will be held from the home at 9:30 o'clock Sunday morning and the remains will be taken overland to Evansville, where interment will be made.

James Cleland
Tribute to the late James Cleland was paid by scores of loving and respectful friends this afternoon, when at two o'clock obsequies over his remains were held at the home of A. L.

THE LATE JAMES CLELAND

Fisher, 163 Terrace street. The bier was almost hidden under a profusion of beautiful floral offerings, among which was a handsome design from the Free Masons. Rev. Dr. Laughlin preached the funeral sermon and song services were rendered by Mrs. A. O. Wilson and Mrs. S. B. Lewis. The interment was made in Oak Hill cemetery and at the grave the masonic

lodges of this city and Footville conducted the funeral rites of the order, six members serving as pallbearers.

William Leonard Tyler.
William Leonard Tyler died yesterday afternoon at the home of his mother, Mrs. George Tyler, 4 Yuba street. Several weeks ago his lungs became affected and though out of doors Wednesday the malady claimed him after but a few hours of serious illness. Mr. Tyler was twenty years of age and is survived by a mother, brother, Charles Tyler, and two sisters, the Misses Nettie and Mabel Tyler. For a few years the young man was employed in the Marzloff shoe factory but of late had been working for the Parker Pen company. He was an honorable boy and many friends will mourn his demise. Funeral services will be held from the home at two o'clock Saturday afternoon.

Mrs. Jennie Rogers.
Mrs. Jennie Rogers, a former resident of Janesville, died at her home in Beloit yesterday after an illness of several weeks. Born at Elmira, N. Y., May 29, 1837, she came to this city while yet a girl. She became the bride of Isaac Rogers, who for many years in the early history of the Bowler City, was a prominent lawyer. Upon his death, twenty-seven years ago, Mrs. Rogers moved to Beloit in order that her sons might be educated in the Line City college. The oldest of these boys, William, died two years ago in New York city, but the other, George D., of St. Paul, survives. The only other near relative is a sister, Mrs. Mary Potter, who lived with the deceased for many years and cared for her during the last illness. The remains will be brought to Janesville and buried in Oak Hill cemetery.

MR. AND MRS. EDWARD POENICHEN MARRIED THIRTY YEARS AGO

Mr. and Mrs. Edward Poenichen are today celebrating their thirtieth anniversary, this being the thirtieth anniversary of their marriage. This evening they will entertain at dinner at their home in the second ward, thirty relatives and close friends being invited.

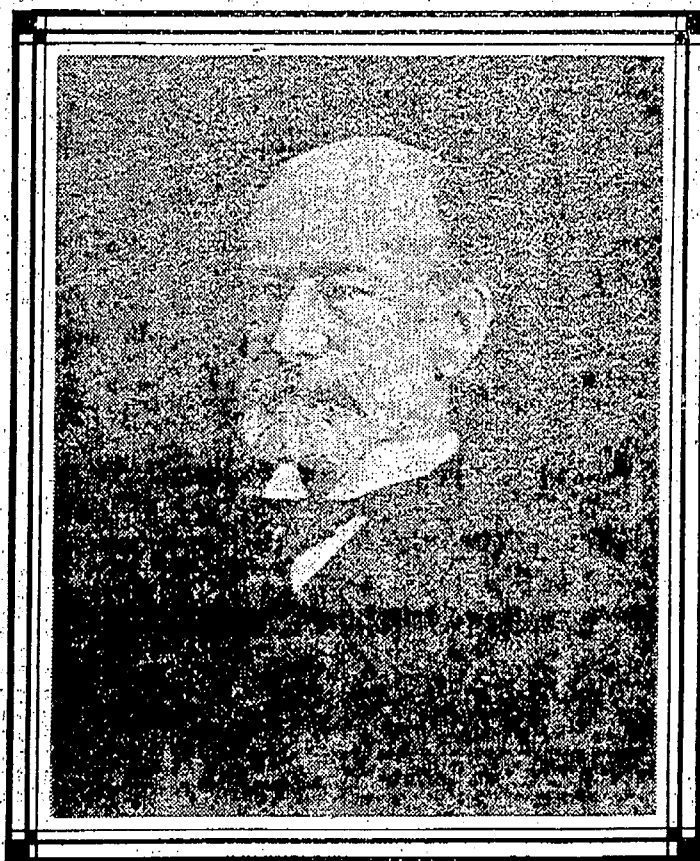

There will be a business meeting of the Presbyterian Y. P. S. C. E. at the church at 8:15 o'clock this evening.

A Chance for a Bargain.

An Irishman who had begun to practice photography went into a shop to purchase a small bottle in which to mix some of his solutions. Seeing one he wanted, he asked the chemist how much it would be. "Well," said the chemist, "it will be twopence as it is, but if you want anything in it I won't charge you for the bottle." "Then," said Pat, "put a cork in it."

Rulers of the World.

Winslow Warren

M. Winslow Warren, the president general of the Society of the Cincinnati, was born at Plymouth, Mass., on March 20, 1838. He graduated at Harvard university and then studied law and was admitted to the bar in 1860. He married on January 3, 1867, Miss Mary Lincoln Tinkham. He has been prominent politically and held the post of collector of the port of Boston from 1894 until 1895. He was made a United States commissioner in 1861 and held this position until made collector of the port in 1894. His home is at Dedham, Mass., and his chief work is that of advising corporations and acting as trustee under the supervision of the Boston courts. His prestige as an attorney is very high and his legal talents considered of the very first rank.

AFTON.

Afton, Wis., May 10.—Last Saturday Master Frank Kethelohm, only son of Mr. and Mrs. Fred Kethelohm, reached the 12th milestone in life's journey and to properly celebrate the occasion, his parents planned a surprise for him, in the nature of an afternoon party, participated in by the teachers and pupils of the state graded school. The affair was a decided success and thoroughly enjoyed by those present.

The West Point Tone.

The habit of truth-telling, the virtue of absolute honesty, the ready and loyal obedience to authority, the display of courage, that virtue called regal—this tone, which is the very life and breath of the military academy, traces back to a fine source, to the character of Washington and the best society at the time of the revolution. —Morris Schaff, in Atlantic Monthly.

Effect of Sun Spots.

Prof. Peters of the United States naval observatory maintains that sun spots diminish the heat we receive from the sun, but the terrestrial effect is too slight to be perceptible. The spots appear in the greatest number every 11 years. This astronomer is firm in the conviction that if we are ever involved in a celestial catastrophe it will not be due to the sun.

Just a Few Hundred Thousand.

The men who mechanically handle large sums of money seem to lose the sense of relative value. A customer asked the paying teller of a New York downtown branch bank, "How much money do you usually have on hand when the bank opens?" "Not very much," was the answer. "Not over \$300,000 or \$400,000. We keep the most of it in the main bank uptown."

THE FAMINE IN RUSSIA.

While the people of the United States are living in comfort, with evidences of abundance on every hand, it is difficult to realize that 20,000,000 people are starving in Russia, and yet this is the fact.

The Russian Famine Relief Committee, in New York city, is doing good work, but funds are badly needed and in order that conditions may be fully realized, the following petition from the suffering people is being sent out. It should appeal to every American heart.

"We humbly beg the Zemstvo of Samara, as receiving no aid or relief from anywhere.

"All our own means are exhausted by the famine, all our cattle and other moveable property are sold to keep us from death by hunger; we are the poorest of the poor. We are afraid to enter our wretched cottages because our tears flow and the blood to leave our hearts.

"As if to mock our misery we hear from strangers that in this or that village a free kitchen has been opened. We have nothing, nothing. Can it be that we are doomed to death through hunger? How glad we would be if we could get only bread and potatoes, even if good people would only give them to our children and women. We would not know how to thank Almighty God sufficiently. Yes we pass our days together thinking about these things—but what can we do? None of us knows anything; we are quite in the dark. We go about like dead already, and instead of the dazzling whiteness of the snow we see something greenish in the ground and again we wait for the day to pass, hoping against hope.

"What shall we do? Where shall we go? What shall we say? What are we to do? Go home to our huts? The very word home makes our hearts turn. But there is nothing else to do, we go home, enter the dark house trying not to look at the wife or children, pretending not to hear their eager questioning—'Where have you been, father?' And like everybody's enemy, like some wild beast, you sink away to your corner to seek forgetfulness in sleep. But no, sleep does not come, something prevents it, and bitter thoughts chase through your head, one after the other, like the waves of the sea. And so you toss till daybreak, and in the morning—get up and flee. Where to?—You don't know. What shall we do? Where can one find bread? You don't know. Again we all crowd together, like a flock of hungry birds and twitter about our sorrow. All at once some man who can read and write joins us and says, 'Friends, you must beg the authorities for help. And we all begin entreating him, 'Be so kind, write a petition.' 'Perhaps it shall reach some kind man in power, and at the same time, our prayer shall reach God.' Well may the Lord bless us! Speak! 'You begin, Basil, Cherasoff.

"All my harvest was 10 poods (400 pounds) of rye. This lasted only till September, because I have a wife and six children. After this was eaten, I began to sell our clothes and household things, then I sold a horse—and so we lived till December. Now I have nothing more to sell though I have two starving horses yet left, but how am I to sell them? Spring is coming, what am I to plough with if I sell them?—And I have only one cow left and that one can't stand. The neighbors help me to lift it on its legs of a morning, and my horse—it is hardly anything but the name of a horse—a puff of wind can knock it over. I can't say anything more, only God have mercy upon us if we do not get help.

"And you, old Peter, what can you add?—Oh! brothers, I can manage yet, I am the only workman at home, I have a heap of children and only one eye, so that I can see only half the misery that you do. We do get a bit, now and then, not from the authorities, but begging."

The collection of contributions for the relief work is being carried on in this country by the Russian Famine Relief Committee, 135 East 15th Street, New York City, of which Samuel J. Barrows is Secretary. No contribution is too small, and the Morton Trust Company, acting as treasurer, will acknowledge all. The money is to be used only for the saving of life. Five dollars will save an adult, five cents a day will keep a child from death by starvation.

If more convenient money may be left at the Gazette office for these suffering people, and the same will be promptly forwarded to the committee.

PROSPERITY BREEDS FALLACIES.

Some one has laid the blame for the general effort to reduce railway rates to the "booming" prosperity in various parts of the country, says the Wall St. Journal. It has been alleged that favorable financial reports have naturally led to the conclusion that traffic could be carried on profitably at low

cost to the public. The legislation which has given railroads so much trouble and has already begun to check their operations for improvement and extension.

"It is utterly impossible to be highly prosperous for a series of years without calling into life a lot of fallacies which are likely to lead people to hasty and unwarranted conclusions. The general inference that railroads, with more work than they can do on existing equipment, can afford to reduce rates is among the things that has as yet to be proved. Nevertheless, considerable legislative action is based on nothing less than this unproved and highly improbable assumption.

There is more truth than poetry in this plain statement, for it has long been evident to every unprejudiced mind that much of the prosecution now carried on against railroads and other corporations amounts to persecution, pure and simple.

The one fact that many people overlook, in discussing this question is that railroads and all other large corporations are never out of debt. While they may have assets, ample to cover liabilities, and provide a surplus, these assets are tied up in property of uncertain value, so uncertain in fact that they shrink beyond recognition, when not employed.

The dividends paid by this class of corporation are paid with borrowed money, and every dollar thus paid out could be used to advantage in reducing liabilities, but dividends must be paid or stocks soon become worthless, and disaster results.

The treasurer of the largest paper mill of its kind in the world, said recently, "Our new plant cost a million and a half, and we owe a million dollars on it today. It will require from ten to fifteen years of good business to pay it off, and then if we were obliged to quit, the property wouldn't be worth 50 cents on the dollar."

Of course these large enterprises never plan to quit, but the constant demand for new equipment and extensions, absorbs every dollar they make, and frequently all they can borrow. This is the condition many kinds of business is in today, and especially the railroads, yet many people think they are gold mines, with unlimited reservoirs of cash at their disposal.

It is the most natural thing in the world for business men, whether engaged in railroad or any other calling to make, every effort to care for the demands of trade.

When the single track and limited terminal facilities are inadequate, the double track and larger terminals are necessary, and these mean money in liberal quantity. Available funds are not in the treasury and either capital stock must be increased or money borrowed.

The watered stock that people talk so glibly about, is largely treasury stock sold for permanent improvements.

The statement is frequently made that railroads, bonded for \$50,000 a mile, were built for half the money, and therefore half the stock is water.

Most any kind of a mathematician can start out with a pencil and pad and estimate the cost of ties, rails and bridges on 100 miles of track. He might be fair enough to take in the sidings, depots and freight cars in sight and still be a long ways from an expert accountant.

Thousands of acres in Chicago are utilized for railroad purposes and more money is invested in that city alone than in the entire state of Iowa, with Nebraska thrown in.

This great block of capital is a part of a great system, necessary to every mile of track, and in estimating the cost per mile, in any given territory, the terminals, as well as all of the equipment, must be treated on a fair and equitable basis.

A million dollars a mile would not cover the cost of any railroad running into Chicago, if only the city mileage is considered.

It is an easy thing to regulate other people's business, and there are plenty of people regulating the railroads today, whose knowledge of the business is so limited that they wouldn't be able to superintend the running of a hand car on a single track without a collision. Time to call a halt on this kind of reform.

In making his announcements for the week, a pastor in a western town shocked his audience by saying, "The janitor and preacher will hold the midweek prayer services on Thursday evening. If any of you good people care to drop in you will be welcome."

The Wall street farmers are complaining of the backward spring. The weather, and everything else, has been a little off color for cobblestone farming in that rich agricultural district.

The report is current the labor unions are about to establish banks in some of the larger cities. This is a move in the right direction. If employers are obliged to make contracts, with unions, there ought to be some financial responsibility.

FLOWERS AND CAKES INSTEAD OF BRICKS

FRISCO WOMEN GIVE POSIES TO STRIKE-BREAKERS.

PAY TRIBUTE TO BRAVERY

Strikers Do Little But Jeer and Threaten, as Two Cars Make Trip Through Western Addition.

San Francisco, May 10.—Roses and carnations, instead of bricks and cobblestones, were features of Thursday's run of two cars of the United Railroads, manned by 20 strike-breakers, from the car barns at Oak and Broderick streets for a distance of three or four miles through the business and residence streets of the western addition.

Stirred to admiration by the courage of the unarmed strike-breakers in operating the cars in the mob-crowded thoroughfares, women all along the route stood on doorsteps or leaned from windows and waved handkerchiefs, clapped their hands, cheered and threw kisses to the nonunionists as the police-protected cars ran slowly by.

Flowers for Every Man.

On the return trip, on Sacramento street, near Presidio avenue, a young girl ran out from a florist's shop and tossed a handful of bright red carnations to the platform of one of the cars. Lifting their caps and smiling, several of the men leaned far out and caught the flowers. The cars were halted then; while young women brought clusters of carnations and roses from the shop and offered them to the men. So every strike-breaker had a flower in his coat.

From a bakery shop in the neighborhood a woman came hurrying, her hands full of small cakes hot from the oven. They were devoured in a twinkling by the uniformed recipients and she ran back to her shop and brought more.

Strikers Jeer and Threaten.

But the afternoon's trip was not all cakes and flowers. A taunting, jeering, howling crowd of more than 1,000 strikers and strike sympathizers jostled for blocks along the sidewalks, reviling the carmen, yelling frenzied threats to "get them yet," crying "murderers," "cowards," and "scabs." Now and then a stone or brick was thrown, but the guilty man—or boy—hidden in the mob, escaped detection invariably.

Though no shooting was witnessed by the police or the company officials, one of the motormen declared that a shot was fired from the sidewalk. In proof of his statement he pointed to a clean hole in one of the ventilator windows of his car.

The program for Friday is to run two cars through a more dangerous section of the city than the western addition. In this event serious trouble is anticipated.

Twelve of the nonunion operatives who were arrested Tuesday for shooting made affidavits Thursday that when taken to jail they were severely beaten by the police and deprived of food, water and beds for 24 hours.

One Steamship Line Yields.

New York, May 10.—The striking longshoremen gained a victory Thursday when the Savannah line compromised with its 600 employees. The new terms are 35 cents an hour for week day work, 50 cents for Sunday and night work.

The strike leaders claimed that 30,000 men were out in Manhattan, Brooklyn, Hoboken and Staten Island. Throughout the day freight gathered in formidable piles along the piers, and comparatively little of it was gotten aboard the vessels to which it had been assigned.

The passengers came to the aid of the Oscar II, of the Scandinavian line, which sailed Thursday afternoon, and put aboard their own baggage.

THREE FATAL WRECKS.

Disasters in Chicago, Ohio and Kentucky Cost One Life Each.

Chicago, May 10.—A fatal train wreck occurred on the Chicago, Burlington & Quincy railroad in Chicago at the Hamilton avenue crossing Thursday. One Chicago woman was killed and more than 20 persons were injured. The wrecked train was in the suburban service, due in Chicago at 9:15 a. m. from Aurora, Ill. The catastrophe, in which the engine, speeding at 45 miles an hour, was thrown from the track with its four coaches, one car almost turning over, took place at 9 a. m., from a cause not positively ascertained.

Cincinnati, O., May 10.—One man was killed, one fatally and two others seriously injured in a rear end collision at Jones Station, seven miles south of Hamilton, O., Thursday.

Lexington, Ky., May 10.—One man was killed and several injured in a collision between a street car and the Chesapeake & Ohio flyer between Louisville and New York here at noon Thursday. The dead man is George Wells, motorman of the electric car.

Gift of \$120,000 to Princeton.
Princeton, N. J., May 10.—John Grier Hibben, in a communication from the Princeton alumni committee of 50, announces the gift of \$120,000 to Princeton university by a wealthy family. The money will be spent for physical science, geological and biological laboratories.

THE BABY'S HEALTH

A sick baby and a sad home go together. But there are not many unhappy homes where the baby is healthy and happy—for the baby rules the home and its people absolutely. So nothing is more important than that baby should have pure milk.

Pasteurized Milk

is pure—every chance of impurity is eliminated—costs no more than common, unsafe milk—5¢ quart. We invite you to call any day and see the clean process of pasteurizing milk.

JANESVILLE BOY STARTS A WEEKLY

WARREN A. PATRICK OWNER AND EDITOR OF THE SHOW WORLD.

RAPID RISE IN PROFESSION

First Issue of the Magazine Devoted to Professional Entertainments Will Be in June.

Warren Patrick, a former Janesville resident, who has a warm spot in his heart for Janesville and Janesville people, has just entered the publishing field, as one of the owners and the general director of the "Show World," the first issue of which is to appear the middle of June. The new magazine will be devoted exclusively to the professional entertainment and starts under most auspicious circumstances.

At the Top

Mr. Patrick stands today among the leaders of the dramatic critics and his work for the past few years as Chicago manager of the Billboard has given him a national reputation. His office in the Grand Opera House block is one of the busiest places in Chicago and he has associated with him in his new venture a staff of young men of the same calibre as himself, assuring the success of his new venture.

Went with Ringlings

Warren Patrick left Janesville several years ago to begin his career in the professional world with Ringlings' circus. His rapid rise to prominence as a dramatic critic is surprising. In speaking of his new venture Mr. Patrick said Thursday to a Janesville friend who called on him: "I have branched out for myself at last. I start with a backing sufficient to meet any demands and twelve thousand dollars' worth of advertising for the first issue. Some men take six years to build up a circulation, some six months, some three weeks, but I am going to do it in sixty days."

All Are Interested

All the theatrical managers are pleased with the prospects of a new dramatic magazine published in Chicago and all have constituted themselves as "Boosters Club." Mr. Patrick has just resigned his position with the Billboard and will devote his whole time to perfecting the organization of his new magazine.

CHURCH CROWDED TO DOORS FOR WEDDING

Large Assemblage Witnessed Marriage of Miss Martha Drefahl and Paul H. Lucht.

St. Paul's German Lutheran church was crowded to the doors and failed to hold the large assemblage that gathered at six o'clock last evening to witness the wedding of Miss Martha Drefahl to Paul H. Lucht. As the chimes in the belfry announced the arrival of the nuptial hour, the bridal party proceeded down the aisle to altar, which had been decorated for the occasion. The bride was accompanied by her niece, Miss Theresa Block, as maid of honor and attended by Miss Anna Lucht, a sister of the groom, and Miss Clara Bobzin. Miss Drefahl was prettily garbed in a cream-colored silk peau de crepe gown, trimmed with Irish point lace and her hair was dressed with lilies of the valley. In her hand she carried a beautiful spray of bride's roses. The bridesmaids were attired in dresses of white organdie. Arthur Lucht of Milwaukee, a brother of the groom, acted as best man and the other groomsmen were William Nagel and Paul Lucht, also of Milwaukee. The latter is a cousin of the groom. Rev. C. J. Koerner read the ceremony, which united the couple in the bonds of matrimony.

On leaving the church Mr. and Mrs. Lucht were drenched with rice and tokens of good wishes and shortly after the bridal party and invited guests arrived at the home of Mr. and Mrs. John Drefahl, 5 Olive street, a large crowd gathered for a rather noisy and boisterous demonstration of congratulation. The home was tastefully decorated in pink and white and a sumptuous wedding supper was served at seven o'clock to a company of seventy-five. J. Meyer acting as toastmaster. A reception followed. Among those present were Mr. and Mrs. Charles Nagle and son and daughter, Mr. and Mrs. Emil Walters and Paul Lucht, all of Milwaukee, and Mr. and Mrs. Stroh of Rockford.

Mr. and Mrs. Lucht went to Milwaukee on their honeymoon today. On returning they will reside in the portion of the bride's parents' home at 5 Olive street. Both young people are well known and popular and hosts of friends will wish them much happiness in their wedded life.

Hard Lines for True Love.

A man and woman wrecked a train in New York state. They were inspired and buoyed up by the hope of robbing dead passengers of enough to pay for a marriage license and the paraphernalia of house-keeping on a modest scale. Nobody was killed, the plotters did not get a cent and the man has gone to jail for so long a term of years as completely to upset the wedding arrangements. Doesn't the course of true love ever run smooth?

On All Our Magnificent Stock of Suits, Coats, Jackets and Skirts

This cold uncertain weather has shortened the Spring Ready-to-wear season considerably. We find ourselves with more stock on hand than we should have at this time. The Big Store has always been noted for the superiority of its Ready-to-wear section; the best Suits, Coats and Separate Skirts made in the United States are represented here. To move these garments quickly we have made radical reductions on many lines, and we are now offering the Janesville women all our magnificent stock of dependable Ready-to-wear Garments at 10 per cent discount. Any spring garment—Suit, Coat or Separate Skirt at one-tenth less than the marked price. While the stock is large we would advise an immediate visit to this department, as sizes will soon be sold out. Come at once and profit by this great discount sale.

The following price reductions should appeal to you. The garments are dependable, made of good materials, nicely trimmed, and marked at a fraction of their value. Lots left for everybody, but an early inspection is desirable. Come and see for yourself.

100 Women's All Wool Skirts, a splendid assortment of styles and colors. They come in greys, blues and blacks. These garments are splendidly made, elaborately tucked and plaited—some nicely trimmed with buttons, bias bands and soutache braid. These skirts were made for us and priced at \$6.50. Your choice while they last, **\$4.45** each.

\$10.00 Black and Colored Jackets, good quality all wool materials, well made, some silk lined, nicely trimmed with braid and velvet collars. If we have your size you had better secure one; while they last, **\$1.98** each.

..Forty Years Ago..

Janesville Daily Gazette, Friday, May 10, 1867.—Base Ball.—There will be a match game of ball tomorrow, (Saturday) at 2 o'clock p. m. between the "Excelsior" J's, and the Bower City club of this city.

Extension of Gas Mains.—We learn that the gas company proposes to extend their mains, the present season up Academy street to a point a long distance beyond the tracks. This will be a great accommodation to a large number of people who want their homes lighted with gas.

The Dead Locusts.—Thousands of dead locust trees are being cut down in the yards and along the streets of this city, that have been killed by the hard working little pest, the locust. The locust was almost entirely sally adopted by the people upon their first settlement of the West as a shade tree, on account of its rapid growth and its hardiness to withstand the severity of our hyperborean winters. Like the early settlers of the

country they are fast passing away, and other trees are being planted in their stead. But we love the associations of the old trees the best, because they connect us to the shadowy past, and we never see the remorseless axe laid at the root of one of these old landmarks without thinking of hands which planted and cared for them that now, alas, are folded over breasts as pulseless as the clouds above their solitary resting place and we involuntarily beg to have the woodman spare the trees. There are little feet, too, that used to play at mimic life beneath their grateful shade, which have long since ceased, their pattern upon the stairs, and are led by a gentler hand than father's or mother's through the green pastures that bloom by the eternal river.

But we are getting sentimental when an editor has no business to be anything but matter of fact. Those locust trees have had their day and must now give place to something better and more beautiful in ornamenting streets and grounds.

Before The Footlights.

Roselle Knott has given us much pleasure in the past by bringing us such plays as "A Modern Magdalen," "Cousin Kate," "When Knighthood Was in Flower," etc., and in each case has she followed some other actress. It has long been our wish to see this talented woman in a part of her own creation, and we must now rejoice that that wish is about to be gratified for she will present at the Myers theatre on Monday, May 13, her new offering, "Alice-Sit-by-the-Fire," the latest Barrie comedy, author of "Peter Pan," "The Little Minister," etc. "Alice-Sit-by-the-Fire" ran for a whole year at the Criterion theatre, New York, and judging from the press comments of the east, we are not to be disappointed in our wish. The production is said to be magnificently staged and costumed, and the theatre patrons can be assured of a rare treat upon visiting the theatre upon the evening of its presentation.

Manager Myers confidently expects the engagement of "The Tenderfoot" next week to surpass anything he has yet played at his handsome theatre. In "The Tenderfoot" Richard Carle certainly put forth his very best efforts while the music, which by the way, was written by H. L. Heartz, is by far the prettiest heard here in many a day. "The Tenderfoot" simply

effervesces with good clean wit and humor. Oscar L. Figman, who plays Professor Pettibone is a revelation. His methods being entirely away from the beaten path of many of the so-called musical comedy stars. The company presenting "The Tenderfoot" this year has been carefully selected, special attention having been given to the chorus which is composed of fresh young voices.

Ruth White, the prima donna soprano, who assumes the role of Marion, is a discovery of Manager Wm. P. Callen. Miss White, besides being possessed of a most pleasing personality, has a remarkable voice of great range and power.

The part of Marion gives Miss White splendid opportunity to display her many charms and talents which she does to advantage. Grace Sloan as "Patsy" and Harry B. Williams as "Hop Lee" assist materially in the comedy while Louise Brackett as "Sally" is sweet, winsome, and cute. Lawrence Cevor, the Col. Paul Winthrop, Fred Bailey as Sgt. Bill Barker, J. F. Rooney, H. E. Scott, A. W. Hutchins, and a host of others go to form one of the strongest musical organizations

Fashion's Fickle Fancies

TWO EXQUISITE GOWNS

Fashion is called fickle for more than alteration's sake. She has all the feminine failings—or what are known as such. Inconsequence, love of change, lack of humor, all that goes to the making of the eternal feminine. Over these the world has theorized for ages past, and always will. Till the last day, both woman and fashion will be denounced for their whims and moods, for it is possible in life to live down everything, even a crime, but a theory—never.

Variety is not wanting in the new fashions. The very short bolero is worn over a "high Empire" belt; but most popular of all are the coatlets with tiny basques. At present, everything is supposed to have a basque, and the long, tight-fitting coats are still quite in fashion. The short fur bolero with pointed front and back reaching to the waist-line is quite out of favor, but we are still wearing loose, short, sleeveless boleros of fur, and the daintiest of cape boleros with a frilled sleeve made in fur or in velvet.

Stripes are quite as fashionable, if not more so, than ever. They take the form of black hair-line tartan or tweed fabrics. Striped also are our evening gowns, of silver and white, or colored gauze, with a deep hem of satin or chine Pompadour ribbon at the hem. This is headed by repousse embroidery of silver spangles. Most of the trimmings are padded and on relief. Princess gowns are entirely spangled in gold or silver or jet. The mother-of-pearl spangles are not so much in favor as last year. They have been found to prove hard and unbecoming.

The very latest idea for smart wear is to have the bodices as flimsy as possible. Let us take, for instance, a dress of satin-faced crepe-de-Chine, in color of a soft brownish moss-green. A wide transparent insertion of lace (thick guipure) of the same color trims the skirt, which is very close at the top and wide at the foot. The bodice will be of green (crimped) chiffon over silk, with a yoke and trimming of the green lace.

One startling fact in the world of fashion is to be recorded. We are going to have yet another "new figure"—waists are being made short at the back and very long in front, so much so that many bodices and coats in the best West-End houses show quite an Empire back. Corsets, too, will follow suit. This is a very useful fashion for women with thick waists, but for a perfect line of back, nothing can touch the Princess gown. We are paying more attention than ever the lines of the figure, and petticoats are said to be going out. They are made of the most transparent material, and very much befringed at the foot.

SPARKS FROM THE WIRES.

Charles F. Turner, former United States consul at Ottawa, Ont., died at Toronto of pneumonia.

Excavators on Balatine hill, in Rome, uncovered the ruins of a church used by emperors in the fifth century.

It was announced in Baltimore that the Susan B. Anthony memorial fund of \$60,000 for the cause of equal suffrage had been raised.

The National Association for the Study and Prevention of Tuberculosis, in session at Washington, elected Dr. Frank Billings, of Chicago, president.

Attorney General Bonaparte announced his intention of prosecuting the International Harvester company under the provisions of the Sherman anti-trust law.

Joseph Turcott and a woman known as Mrs. Laporte were ambushed near Osceola, Mich., and shot by an unknown person. The woman died almost instantly, and Turcott is dying.

Rev. George Worthington, bishop of Nebraska, has been appointed to take charge of the American Episcopal churches on the continent of Europe, in succession to Bishop Henry C. Potter, who has resigned.

Josef D. Dosal, Mexican consul in Kansas City, brought 15 suits against the Chicago, Rock Island & Pacific railroad. He asks \$150,000 damages for the death of 15 of his countrymen killed in a wreck on January 2.

STROMBOLI MORE VIOLENT.

Ashes Destroy Everything on Island—Mt. Etna Very Active.

Messina, Sicily, May 10.—The eruption of Mt. Stromboli was more violent Thursday and the apprehension is growing.

The violence of the present disturbance is declared to be without precedent, even the oldest inhabitants of the Lipari islands not remembering such a threatening condition. Almost all the people of Stromboli island have made their escape. Ashes from the volcano have destroyed everything on the island.

The detonations are heard at all the other islands of the group with remarkable distinctness, and produce an effect of terrific roaring. Fears are held that the entire island of Stromboli may be shattered and engulfed.

At the same time the activity of Mt. Etna, on the eastern coast of Sicily, has increased. The column of smoke rolling out of the crater serves to reflect the fire within, and the illuminated smoke clouds can be seen from Catania, Taormina and even from the straits of Messina. The people living in the vicinity of Mt. Etna are panic stricken. They are flocking to the churches to pray for the intercession and protection of the virgin and their patron saints.

OPENING OF HAYWOOD TRIAL IS PEACEFUL

FIRST PANEL OF TALESMEN IS EXAMINED BEFORE NIGHT.

ADJOURNED TILL MONDAY

No Juror Finally Accepted, But Good Progress Is Made—Judge Is Liberal with the Counsel.

Boise, Idaho, May 10.—William D. Haywood, first of the alleged participants in the avenging conspiracy by which it is averred the assassination of Frank Steunenberg was plotted and executed, was placed upon trial for his life Thursday. Counsel for state and prisoner entered at once in a businesslike way upon the examination of prospective jurors, and kept steadily at the task for five hours.

No juror was finally accepted, but substantial progress was made and the indications at the close of the session were that a jury would be obtained by the end of next week. The opening day of the trial went through to its conclusion in quiet harmony, unmarked by unusual incident. It was earnest and businesslike. Its striking feature was the entire absence of crowds or demonstration in any form. At no time was the courtroom more than half filled, and the streets forming the courthouse square contained not a single loiterer.

Adjourned Till Monday. The case was halted shortly before five o'clock by the exhaustion of the jury panel, and adjournment was taken until Monday morning. Meantime the sheriff will summon a special venire of 100 men. The 11 men under examination, but not yet finally accepted or rejected, were locked up and will be closely guarded.

Haywood was brought to the courtroom sharp at ten in the morning. He found his family in a line of chairs to the right of his seat, and in front were all of his counsel. He paid more attention to his youngest daughter than to anyone else, and throughout the day took practically no part in the selection of jurors. Mrs. Haywood and the older daughter stood the ordeal apparently well, but the younger child cried after the examination of talesmen began. Mrs. Haywood and her children did not attend the afternoon session.

President's Letter a Test. The questioning of the defense took a much wider range than that of the state, and its most striking feature dealt with the possible effect upon the minds and attitudes of jurors of the letter of President Roosevelt in calling Haywood and his associates "undesirable citizens," the speeches in Idaho of Secretary Taft, the message of Gov. Gooding to the legislature of Idaho, the speech in Boise of Senator Heyburn, and the action of the Idaho legislature in passing a resolution appropriating money for the prosecution of the three prisoners.

Mr. Richardson, who conducted the examination of the talesmen, was also particular to ascertain their attitude toward socialists and members of labor organizations. A remarkable feature of this examination was that all of the talesmen questioned by the defense swore that they had not been influenced by the letter of President Roosevelt or by the speeches of other officials of the national or state governments, and a majority of them said they were Republicans.

Questions of the State. The chief concern of the counsel for the state in the examination of talesmen, as indicated by their questions, was their attitude towards circumstantial evidence, the absence of the accused from the state when the crime was committed, the effect of the manner in which prisoner and his companions were brought from Colorado, view of the talesmen as to the death penalty for murder in the first degree, and as to union labor. Their examination brought out the fact that certain labor and socialist papers are being distributed free of charge in parts of Ada county.

Judge Wood announced that he intended to give both sides a wide latitude in the examination of talesmen. He also showed a willingness to grant challenges where there seemed any reasonable objection to the attitude of the talesmen, and in the one contest of the day he ruled with the defense, which had challenged the talesman and was resisted by the state.

Strike Threatened at South Omaha. Omaha, Neb., May 10.—A committee representing 5,000 packing workmen in the South Omaha packing houses Thursday morning called on the managers of the plants and asked for increased wages. A strike is threatened if the increase is not granted. The packers asked time to discuss the matter with the Chicago heads of the companies. The workmen who are making the demands were granted an increase only last Monday.

Arrested for Murder at Hamilton, O. Hamilton, O., May 10.—Charles Dell, wanted on a charge of murdering John Partlow here last Monday, was arrested Thursday afternoon. He was found in a stable and was very weak from lack of food, not having eaten anything since Monday night. He was taken before the mayor and chief of police, and it is said, confessed to killing Partlow, claiming he acted in self-defense.

LAHORE FEARS OUTBREAK

INDIAN CITY PREPARED TO REPEL NATIVE ATTACK.

Bands of Seditious Rustics Crowding Into the City—Authorities Prohibit Meetings of Any Kind.

Lahore, British India, May 10.—Everything seems to point to the imminence of a native outbreak here and the authorities are taking all the steps possible to suppress it by force of arms. The political unrest is hourly assuming graver proportions. Bands of stalwart rustics, armed with bludgeons, who have been enlisted by the leaders of the sedition, are crowding into the native city, and troops of all arms and bodies of police, mounted and dismounted, are being drafted into the city of Lahore from all parts of the province. The fortifications of Lahore have been subjected to a special inspection and the artillerymen have been reinforced.

The lieutenant governor of the Punjab, Sir Denzil Ibbetson, is taking active measures to circumvent any possible outbreak. He has issued a proclamation prohibiting meetings of every kind and solemnly warning the public not to attend any assemblages under pain of severe punishment. In addition the lieutenant governor has struck at the root of the revolutionary movement by causing the arrest Thursday afternoon of a prominent lawyer, Lalpatrai, who practiced in the chief court of the Punjab, and who was the leader, financier and organizer of most of the seditious demonstrations and revolutionary riots in the Punjab. Immediately after being taken into custody Lalpatrai was deported to another province. His arrest caused a profound sensation among the Hindus, who hitherto had believed that the authorities would not dare to take such drastic action.

LOST PROFITS OF 45 YEARS.

Insurance Companies Given Tremendous Blow by Frisco Disaster.

New York, May 10.—The San Francisco conflagration of April, 1906, swept away not only every dollar of profit previously made by the insurance companies out of underwriting since 1860, but cost them \$79,708,174 besides, according to a statement made by President George W. Burchell of the National Board of Underwriters, in the annual meeting of that organization here Thursday.

President Burchell said carefully compiled figures showed the total property loss by the catastrophe to have been in round numbers \$350,000,000. The loss to 243 insurance companies was \$175,508,530, and, in addition to this, there was a large amount of reinsurance in foreign companies, which would make the total loss to insurance companies throughout the world between \$220,000,000 and \$225,000,000.

St. Louis Brokers Will Quit. St. Louis, May 10.—According to an announcement made Thursday 16 brokerage concerns in St. Louis, which would be affected by the new law going into effect June 10, have agreed to go out of business on June 15. The new law forbids the sale of any commodity or stock that the seller does not actually own and possess at the time the transaction is made.

Dies of Rabies in a Jail Cell. Gainesville, Ga., May 10.—A. J. Hulsey, who was brought here late Tuesday for safe keeping, died in a jail cell from hydrophobia Thursday. Hulsey was recently adjudged insane in Stephens county, and as there is no jail there, he was brought here for confinement. It is now declared that the man, instead of being insane, had been suffering from rabies.

Society Belle a Suicide. Ottawa, Ont., May 10.—Miss Aileen Clemow, aged 26, granddaughter of the late Senator Clemow and a society belle, committed suicide here Thursday. She was found in her room with a bullet hole through her head. She was in poor health and was going to a sanatorium Friday.

DISTINGUISHED MEN ARE NATION'S GUESTS

GEN. KUROKI, ADMIRAL IJUI AND DUKE DEGLI ABRUZZI.

ALL IN WASHINGTON NOW

Dinners and Receptions Being Given in Their Honor by President Roosevelt and Other Officials.

Washington, May 10.—For the next few days official Washington will be busily engaged in entertaining the government's distinguished guests, Gen. Kuroki, the famous Japanese, field official, Vice Admiral Ijui, the ranking officer of the mikado's naval fleet at Jamestown, and the Duke Degli Abruzzi, commander of the Italian fleet, all of whom arrived in the city Thursday.

Elaborate plans have been made for the entertainment of the visitors during their stay in the national capital, which include a dinner and reception, which Secretary and Mrs. Taft are to give Friday night in honor of Gen. Kuroki, and a state dinner at the White House Saturday evening complimentary to Duke Degli Abruzzi.

Gen. Kuroki is accompanied by Lieut. Gen. Yasutsuna Kigoshi, Maj. Gen. Michiharu Umezawa and the others whose names were announced at the outset of the Kuroki party's trip across the continent.

Duke Degli Abruzzi, commander of the Italian fleet at Jamestown, arrived in Washington Thursday on his flagship, the Varese, and will remain for several days as the guest of Baron Mayor des Planches, the Italian ambassador. A dinner was given at the Italian embassy Thursday night in his honor and Friday evening he will be entertained by the Postmaster General and Mrs. Meyer, and a dinner will be given him by President and Mrs. Roosevelt at the White House Saturday evening.

The Japanese naval party, with Vice Admiral Ijui, arrived from Norfolk Thursday to aid in the festivities in honor of Gen. Kuroki. President Roosevelt has expressed a desire that special attention be paid to the Japanese naval and army officers. The Duke Degli Abruzzi and party, as guests of the Italian ambassador, will visit Mount Vernon, the home and tomb of Gen. Geo. Washington, on Friday.

PALMER HELD FOR MURDER.

English Pugilist and Relatives Create Scene in Court.

London, May 10.—A verdict of murder was returned in the Croydon police court Thursday against "Pedlar" Palmer, the English pugilist, who killed a man named Robert Choat April 24, by beating him while they were returning from the races in a railroad car.

When Palmer heard the decision he uttered a loud shriek and fell down in a faint in the dock. His wife and sister were present in court and also created a scene. They had to be carried shrieking from the room. After the testimony in the case had been taken the prisoner was formally committed for trial at the Central criminal court.

Platt Will Not Run Again.

New York, May 10.—Senator Thomas C. Platt said Thursday: "I have no idea whatever of being a candidate to succeed myself. I shall serve out my term. Then I shall wait for the call to the other side. I have lived my life, and I have done what seemed to me to be the right thing to do. But I realize there is not much left now for me to do. I would like to settle down and see the world go round."

What It Sounded Like.

Harry, aged four, while visiting his grandparents in the country, heard a mule bray for the first time. "Goodness!" exclaimed the little fellow, "that horse has whooping cough awful."—The Home Magazine.

Just a Light Rub

is all they need when washed with

Beach's Peosta Soap

No boiling—no hard rubbing—harmless. Pure soap, scientifically made, that is the secret.

Take good care of your fingers. It will do better work and has longer. After each washing, wash all the joints of your fingers, rubbing from pressure, all the meat parts a little, cover with a cloth and put in a dry place. When ready to use, dip in water thoroughly, wring out all, then rub on desired skin and you will have an easy-running, tender, free from "squeaks".

Unseasonable Weather Sale

EXTRAORDINARY REDUCTIONS DURING THIS SPECIAL DISCOUNT SALE, WHICH BEGINS SATURDAY, MAY 11th, CONTINUING ALL NEXT WEEK.

Due to adverse weather conditions we are very much overstocked on Ladies', Misses' and Children's new Spring Suits and Jackets. Therefore we are making sharp reductions on seasonable merchandise. The ready-to-wear activity noted in the month of March would have been a feature all through April had the weather been at all seasonable. It must be admitted that the cold April weather has proved a serious set-back in the ready-to-wear end of the business. It is noted, however, that the sale of ladies' spring suits and jackets was much below what its promise indicated at the beginning of the season, therefore we will offer at specially low and attractive prices your choice of all this season's new spring suits and jackets at a great saving price. Don't fail to attend this great cut price sale and get your share of the savings. The prices quoted in this ad, on suits and jackets are about HALF PRICE.
